

Upon entry to the home you will immediately become aware this is a quality master-built home with some spectacular features.

The grand-pivot front door opens into a tiled spacious entry with vaulted ceiling and a stunning and unique timber staircase. The quality timber floors flow into the upstairs living area. There are 9ft ceilings up and down which provides an expansive visual effect inside the home.

Upstairs there is a master suite with a retreat area, large ensuite, walk-in robe and private balcony. Water views from the bedroom and private balcony look across to Stradbroke Island. Be prepared to see some spectacular sunrises!

A large well-appointed kitchen is complete with gas cooking, servery window and dumb waiter.

The open plan living, dining room and kitchen flows out to the upstairs patio, making this area an entertainer's dream. You overlook the large in-ground pool which displays a water feature and expansive timber decking. Plenty of room for pool parties for the teenagers!

Upstairs you will also be impressed with a second full bathroom and study/bedroom.

A comfortable, relaxed life awaits you in this amazing upstairs living.

Downstairs living has 3 bedrooms and a massive rumpus/games room with wet bar. You can choose dual living for your teenagers or visitors. It is completely private from the upstairs living areas and fully self-contained. You could comfortably consider this area as a source of income for accommodation, the possibilities are endless!

The rumpus room leads out onto the downstairs patio and overlooks the sparkling pool. Greenery awaits you in this little oasis!

The home has a huge laundry with plenty of storage space.

Behind the pool is a hidden veggie patch with 12000ltr water tank. You will not have to worry about your water bill for the large pool!

The double garage has a "man-cave" and plenty of built-in shelving.

This is a spacious entertainer's dream home in beautiful tree-lined Ormiston. A comfortable and family friendly lifestyle awaits you in this home.
