Part A - Parties and land

Part B - Purchaser's cooling-off rights and proceeding with the purchase

Part C - Statement with respect to required particulars

Part D - Certificate with respect to prescribed inquiries by registered agent

Schedule

## Preliminary

### To the purchaser:

The purpose of a statement under section 7 of the *Land and Business (Sale and Conveyancing) Act 1994* is to put you on notice of certain particulars concerning the land to be acquired.

If you intend to carry out building work on the land, change the use of the land or divide the land, you should make further inquiries to determine whether this will be permitted. For example, building work may not be permitted on land not connected to a sewerage system or common drainage scheme if the land is near a watercourse, dam, bore or the River Murray and Lakes.

The *Aboriginal Heritage Act 1988* protects any Aboriginal site or object on the land. Details of any such site or object may be sought from the "traditional owners" as defined in that Act.

If you desire additional information, it is up to you to make further inquiries as appropriate.

### Instructions to the vendor for completing this statement:

*means the Part, Division, particulars or item may not be applicable.*

*If it is applicable, ensure the box is ticked and complete the Part, Division, particulars or item.*

*If it is not applicable, ensure the box is empty or strike out the Part, Division, particulars or item. Alternatively, the Part, Division, particulars or item may be omitted, but not in the case of an item or heading in the table of particulars in Division 1 of the Schedule that is required by the instructions at the head of that table to be retained as part of this statement.*

\* *means strike out or omit the option that is not applicable.*

*All questions must be answered with a YES or NO (inserted in the place indicated by a rectangle or square brackets below or to the side of the question).*

*If there is insufficient space to provide any particulars required, continue on attachments.*

6A Tarakan Avenue Enfield SA 5085 being the whole of the land comprised in Certificate of Title Volume 6192 Folio 36

## Part B - Purchaser's cooling-off rights and proceeding with the purchase

To the purchaser:

### Right to cool-off (section 5)

#### 1 - Right to cool-off and restrictions on that right

You may notify the vendor of your intention not to be bound by the contract for the sale of the land UNLESS -

- (a) you purchased by auction; or
- (b) you purchased on the same day as you, or some person on your behalf, bid at the auction of the land; or
- (c) you have, before signing the contract, received independent advice from a legal practitioner and the legal practitioner has signed a certificate in the prescribed form as to the giving of that advice; or
- (d) you are a body corporate and the land is not residential land; or
- (e) the contract is made by the exercise of an option to purchase not less than 5 clear business days after the grant of the option and not less than 2 clear business days after service of this form; or
- (f) the sale is by tender and the contract is made not less than 5 clear business days after the day fixed for the closing of tenders and not less than 2 clear business days after service of this form; or
- (g) the contract also provides for the sale of a business that is not a small business.

#### 2 - Time for service

The cooling-off notice must be served -

- (a) if this form is served on you before the making of the contract - before the end of the second clear business day after the day on which the contract was made; or
- (b) if this form is served on you after the making of the contract - before the end of the second clear business day from the day on which this form is served.

However, if this form is not served on you at least 2 clear business days before the time at which settlement takes place, the cooling-off notice may be served at any time before settlement.

#### 3 - Form of cooling-off notice

The cooling-off notice must be in writing and must be signed by you.

#### 4 - Methods of service

The cooling-off notice must be -

- (a) given to the vendor personally; or
- (b) posted by registered post to the vendor at the following address:

41 Albert Street Prospect SA 5082

(being the vendor's last known address); or

- (c) transmitted by fax or email to the following fax number or email address:

bjorn.kunzel@expaustralia.com.au

(being a number or address provided to you by the vendor for the purpose of service of the notice); or

- (d) left for the vendor's agent (with a person apparently responsible to the agent) at, or posted by registered post to the agent at, the following address:

Level 3, 169 Fullarton Road Dulwich SA 5065

(being ~~\*the agent's address for service under the Land Agents Act 1994~~ an address nominated by the agent to you for the purpose of service of the notice).

**Note -** Section 5(3) of the *Land and Business (Sale and Conveyancing) Act 1994* places the onus of proving the giving of the cooling-off notice on the purchaser. It is therefore strongly recommended that -

- (a) if you intend to serve the notice by leaving it for the vendor's agent at the agent's address for service or an address nominated by the agent, you obtain an acknowledgment of service of the notice in writing;
- (b) if you intend to serve the notice by fax or email, you obtain a record of the transmission of the fax or email.

#### 5 - Effect of service

If you serve such cooling-off notice on the vendor, the contract will be taken to have been rescinded at the time when the notice was served. You are then entitled to the return of any money you paid under the contract other than -

- (a) the amount of any deposit paid if the deposit did not exceed \$100; or
- (b) an amount paid for an option to purchase the land.

**Proceeding with the purchase**

If you wish to proceed with the purchase -

- (a) it is strongly recommended that you take steps to make sure your interest in the property is adequately insured against loss or damage; and
- (b) pay particular attention to the provisions in the contract as to time of settlement - it is essential that the necessary arrangements are made to complete the purchase by the agreed date - if you do not do so, you may be in breach of the contract; and
- (c) you are entitled to retain the solicitor or registered conveyancer of your choice.

**Schedule - Division 1 - Particulars of mortgages charges and prescribed encumbrances affecting the land**  
**(section 7(1)(b))**

**Note -**

Section 7(3) of the Act provides that this statement need not include reference to charges arising from the imposition of rates or taxes less than 12 months before the date of service of the statement.

Where a mortgage, charge or prescribed encumbrance referred to in column 1 of the table below is applicable to the land, the particulars in relation to that mortgage, charge or prescribed encumbrance required by column 2 of the table must be set out in the table (in accordance with the instructions in the table) unless -

- (a) there is an attachment to this statement and -
  - (i) all the required particulars are contained in that attachment; and
  - (ii) the attachment is identified in column 2; and
  - (iii) if the attachment consists of more than 2 sheets of paper, those parts of the attachment that contain the required particulars are identified in column 2; or
- (b) the mortgage, charge or prescribed encumbrance -
  - (i) is 1 of the following items in the table:
    - (A) under the heading 1. General -
      - 1.1 Mortgage of land
      - 1.4 Lease, agreement for lease, tenancy agreement or licence
      - 1.5 Caveat
      - 1.6 Lien or notice of a lien
    - (B) under the heading 36. Other charges -
      - 36.1 Charge of any kind affecting the land (not included in another item); and
  - (ii) is registered on the certificate of title to the land; and
  - (iii) is to be discharged or satisfied prior to or at settlement.

## Buyers information notice

---

*Land and Business (Sale and Conveyancing) Act 1994 section 13A*

*Land and Business (Sale and Conveyancing) Regulations 2010 regulation 17*

Before you buy a home there are a number of things that you should investigate and consider. Though it may not be obvious at the time, there could be matters that may affect your enjoyment of the property, the safety of people on the property or the value of the property.

The following questions may help you to identify if a property is appropriate to purchase. In many cases the questions relate to a variety of laws and standards. These laws and standards change over time, so it is important to seek the most up to date information. Various government agencies can provide up to date and relevant information on many of these questions. To find out more, Consumer and Business Services recommends that you check the website: [www.cbs.sa.gov.au](http://www.cbs.sa.gov.au)

Consider having a professional building inspection done before proceeding with a purchase. A building inspection will help you answer some of the questions below.

The questions have been categorised under the headings **Safety**, **Enjoyment** and **Value**, but all of the issues are relevant to each heading.

### Safety

- Is there **asbestos** in any of the buildings or elsewhere on the property eg sheds and fences?
- Does the property have any significant **defects** eg **cracking** or **salt damp**? Have the wet areas been waterproofed?
- Is the property in a **bushfire** prone area?
- Are the **electrical wiring, gas installation, plumbing and appliances** in good working order and in good condition? Is a **safety switch** (RCD) installed? Is it working?
- Are there any prohibited **gas appliances** in bedrooms or bathrooms?
- Are **smoke alarms** installed in the house? If so, are they hardwired? Are they in good working order and in good condition? Are they compliant?
- Is there a **swimming pool and/or spa pool** installed on the property? Are there any safety barriers or fences in place? Do they conform to current standards?
- Does the property have any **termite** or other pest infestations? Is there a current preventive termite treatment program in place? Was the property treated at some stage with persistent organochlorins (now banned) or other **toxic** termiticides?
- Has fill been used on the site? Is the soil contaminated by **chemical residues** or waste?
- Does the property use **cooling towers** or manufactured warm water systems? If so, what are the maintenance requirements?

## Enjoyment

- Does the property have any **stormwater** problems?
- Is the property in a **flood prone** area? Is the property prone to coastal flooding?
- Does the property have an on-site **wastewater treatment facility** such as a septic tank installed? If so, what are the maintenance requirements? Is it compliant?
- Is a **sewer mains connection** available?
- Are all gutters, downpipes and stormwater systems in good working order and in good condition?
- Is the property near **power lines**? Are there any trees on the property near power lines? Are you considering planting any trees? Do all structures and trees maintain the required clearance from any power lines?
- Are there any **significant** trees on the property?
- Is this property a unit on **strata or community title**? What could this mean for you? Is this property on strata or community title? Do you understand the restrictions of use and the financial obligations of ownership? Will you have to pay a previous owner's debt or the cost of planned improvements?
- Is the property close to a hotel, restaurant or other venue with entertainment consent for live music? Is the property close to any industrial or commercial activity, a busy road or airport etc that may result in the generation of **noise** or the **emission of materials or odours** into the air?
- What appliances, equipment and fittings are included in the sale of the property?
- Is there sufficient car parking space available to the property?

## Value

## Notices

---

Notices are printed under arrangement with organisations having some potential interest in the subject land. You should contact the identified party for further details.

### **Electricity and Telecommunications Infrastructure - Building Restrictions and Statutory Easements (including those related to gas, water and sewage)**

#### Building restrictions

It is an offence under section 86 of the *Electricity Act 1996* to erect a building or structure within a prescribed distance of aerial or underground powerlines. In some, but not all, cases approval may be obtained from the Technical Regulator. Generally, however, land owners must not build, or alter a building or structure, with the result that any part of the resulting building or structure is within the minimum clearance distance required from certain types of powerlines. These building limitations are set out in the *Electricity (General) Regulations 2012* regulations 81 and 82. Purchasers intending to redevelop the property to be purchased should therefore be aware that the restrictions under the *Electricity Act* and *Regulations* may affect how, or if, they are able to redevelop the property.

In addition, if a building or structure is erected in proximity to a powerline of an electricity entity in contravention of the *Electricity Act*, the entity may seek a court order:

- a) requiring the person to take specified action to remove or modify the building or structure within a specified period;
- b) for compensation from the person for loss or damage suffered in consequence of the contravention; and/or
- c) for costs reasonably incurred by the entity in relocating the powerline or carrying out other work.

Contact the Office of the Technical Regulator in DEM on 8226 5500 for further details.

#### Statutory easements

Statutory easements for purposes such as (and without limitation) electricity, telecommunications, gas, water and sewage, may also exist, but may not be registered or defined on the title for the land.

Separate from the above building restrictions, South Australia's electricity supply and transmission businesses have statutory easements over land where part of the electricity distribution or transmission system was on, above or under the land as at particular dates specified by legislation.

This notice does not necessarily imply that any statutory or other easement exists.

However, where in existence, statutory easements may provide these organisations and businesses (identified in the relevant legislation) with the right of entry, at any reasonable time, to operate, repair, examine, replace, modify or maintain their equipment, to bring any vehicles or equipment on the land for these purposes, and to install, operate and carry out work on any pipelines, electricity or telecommunications cables or equipment that may be incorporated in, or attached to, their equipment (For example, see Clause 2 of Schedule 1 of the *Electricity Corporations (Restructuring and Disposal) Act 1999*; section 48A of the *Electricity Act 1996*).

For further clarification on these matters, please contact the relevant organisations or businesses, such as SA Power Networks' Easements Branch on telephone 8404 5897 or 8404 5894.

If you intend to excavate, develop or subdivide land, it is suggested that you first lodge a 'Dial Before you Dig' enquiry. Dial Before You Dig is a free referral service that provides information on the location of underground infrastructure. Using the Dial Before you Dig service (<https://1100.com.au>) may mitigate the risk of injury or expense resulting from inadvertent interference with, damage to, or requirement to relocate infrastructure.

#### ***Land Tax Act 1936 and Regulations thereunder***

Agents should note that the current owner will remain liable for any additional charge accruing due before the date of this certificate which may be assessed on the land and also that the purchaser is only protected in respect of the tax for the financial year for which this certificate is issued. If the change of ownership will not occur on or before the 30th June, another certificate should be sought in respect of the next financial year or requests for certificate should not be made until after 30th June.

#### ***Animal and Plant Control (Agriculture Protection and other purposes) Act 1986 and Regulations***

Agents should note that this legislation imposes a responsibility on a landholder to control and keep controlled proclaimed plants and particular classes of animals on a property.

Information should be obtained from:

- The vendor about the known presence of proclaimed plants or animals on the property including details which the vendor can obtain from records held by the local animal and plant control board
- The local animal and plant control board or the Animal and Plant Control Commission on the policies and priorities relating to the control of any serious proclaimed plants or animals in the area where the property is located.

#### ***Landscape South Australia 2019***

Water Resources Management - Taking of underground water

Under the provisions of the *Landscape South Australia Act 2019*, if you intend to utilise underground water on the land subject to this enquiry the following apply:

- A well construction permit accompanied by the prescribed fee is required if a well/bore exceeding 2.5 meters is to be constructed. As the prescribed fee is subject to annual review, you should visit the webpage below to confirm the current fee
- A licensed well driller is required to undertake all work on any well/bore
- Work on all wells/bores is to be undertaken in accordance with the *General specification for well drilling operations affecting water in South Australia*.

Further information may be obtained by visiting <https://www.environment.sa.gov.au/licences-and-permits/water-licence-and-permit-forms>. Alternatively, you may contact the Department for Environment and Water on (08) 8735 1134 or email [DEWwaterlicensing@sa.gov.au](mailto:DEWwaterlicensing@sa.gov.au).

## Schedule—Division 2—Other particulars (section 7(1)(b))

### Particulars of building indemnity insurance

**Note:** Building indemnity insurance is not required for -

- a) domestic building work for which approval under the *Planning, Development and Infrastructure Act* 2016, the repealed *Development Act* 1993 or the repealed *Building Act* 1971 is or was not required; or
- b) minor domestic building work (see section 3 of the *Building Work Contractors Act* 1995); or
- c) domestic building work commenced before 1 May 1987; or
- d) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act* 1995 applies under the *Building Work Contractors Regulations* 2011; or
- e) building work in respect of which an exemption from the application of Division 3 of Part 5 of the *Building Work Contractors Act* 1995 has been granted under section 45 of that Act.

Application No: 040/1547/18

- 1. Building indemnity insurance is required: Yes
- 2. Name of persons insured: GRANT HALL SODALINE SOU
- 3. Name of insurer: QBE
- 4. Limitations on the liability of the insurer: Refer to Policy
- 5. Name of the builder: FORMAT HOMES PTY LTD
- 6. Builders licence number: UBLD165229
- 7. Description of insured building work: SINGLE DWELLING
- 8. Date of issue of insurance: 03 Aug 18

### Exemption from holding insurance:

If particulars of insurance are not given, has an exemption been granted under section 45 of the *Building Work Contractors Act* 1995 from the requirement to hold an insurance policy in accordance with Division 3 of Part 5 of that Act?

No

- 1. Date of the exemption: N/A
- 2. Name of builder granted the exemption: N/A
- 3. Licence number of builder granted the exemption: N/A
- 4. Details of building work for which the exemption applies: N/A
- 5. Details of conditions for which the exemption is subject: N/A

## 6 - Further information held by councils

Does the council hold details of any development approvals relating to:

- a) commercial or industrial activity at the land; or
- b) a change in the use of the land or part of the land (within the meaning of the *Planning, Development Act 1993*) or the *Planning, Development and Infrastructure Act 2016*?

NO

Description of the nature of the development(s) approved:

Refer to the repealed *Development Act 1993* Section of this document particularly Part 3 Development Plan, Section 42 – Condition (that continues to apply) of a development authorisation and Repealed Act conditions listed in this document.

The question relates to information that the council for the area in which the land is situated may hold. If the council answers "YES" to the question, it will provide a description of the nature of each development approved in respect of the land. The purchaser may then obtain further details from the council (on payment of any fee fixed by the council). However, it is expected that the ability to supply further details will vary considerably between councils.

A "YES" answer to paragraph (a) of the question may indicate that a **potentially contaminating activity** has taken place at the land (see sections 103C and 103H of the *Environment Protection Act 1993*) and that assessments or remediation of the land may be required at some future time.

It should be noted that—

- the approval of development by a council does not necessarily mean that the development has taken place;
- the council will not necessarily be able to provide a complete history of all such development that has taken place at the land.

Signed for or on behalf of the agent: .....

REPLY

I certify that the information and particulars provided above apply at the date of the reply of this inquiry.

**CONDITIONS AND NOTES OF DEVELOPMENT APPROVAL**

**Development Plan Consent Conditions**

1. Except where minor amendments may be required by other relevant Acts, or by conditions imposed by this application, the development is to be established in strict accordance with the endorsed stamped details and plans submitted in Development Application 040/1547/18 and all works shall be completed to the reasonable satisfaction of Council prior to the occupation and/or use of the development.
2. The finished floor level(s) of the proposed building(s) or structure(s) shall be constructed as per the herein approved plans.
3. All stormwater from the proposed development and associated paved areas shall be captured, stored, re-used or disposed of in a manner and with materials to the reasonable satisfaction of Council, such that it provides for orderly, sustainable and legal stormwater management, and does not result in the entry of water into, or affect the stability of a building and/or adjoining land. Any such stormwater management system shall be connected prior to the completion of the development.
4. The upper level window(s) to the rear and both side elevations shall be fixed obscured glass and not openable up to 1.7m from the finished floor level of the upper storey.

**Development Plan Consent Notes**

- The granting of this consent does not remove the need for the applicant to obtain all other consents that may be required by other statutes or regulations. The applicant is also reminded that unless specifically stated, conditions from previous relevant development approvals remain active.
- The applicant is advised that any works (stormwater connections, driveways, etc) undertaken on Council owned land will require the approval of Council's City Assets Department, prior to any works being undertaken. Further information may be obtained from the City Assets Department on telephone 8405 6600.
- This application involves development located on the boundary or within close proximity to the boundary of the allotment. The applicant must ensure that the development is undertaken entirely on the subject land and that no part of the structure approved, including the guttering, encroaches any property boundary. To ensure that the proposed development is constructed within the allotment and at the approved set back, it is recommended that a site survey be undertaken to confirm the location of the relevant boundaries.
- The *Environment Protection (Water Quality) Policy 2015* requires any person who is undertaking an activity, or is an occupier of land to take all reasonable and practicable measures to avoid the discharge or deposit of waste from that activity or land into any waters or onto land in a place from which it is likely to enter any waters (including the stormwater system).

The policy also defines offences that can result in on-the spot fines or legal proceedings. The following information is provided to assist you to comply with this legislation:

- (1) Building and construction must follow sediment control principles outlined in the *"Stormwater Pollution Prevention - Code of Practice for the Building and Construction Industry* (EPA, 1999). Specifically, the applicant must ensure:

**ATTACHMENTS**

**040/1547/18**

- During construction no sediment should leave the building and construction site. Appropriate exclusion devices must be installed at entry points to stormwater systems and waterways.
  - A stabilised entry/exit point should be constructed to minimise the tracking of sand, soil and clay off site. However, should tracking occur, regular clean-ups are advised.
- (2) Litter from construction sites is an environmental concern. All efforts should be made to keep all litter on site. The applicant should ensure that bins with securely fitted lids, capable of receiving all waste from building and construction activities, are placed on site.
- (3) All building and construction wastewaters are listed pollutants under the *Environment Protection (Water Quality) Policy 2015* and as such must be contained on site.

It is important that you familiarise yourself with the terms of the Policy and ensure that all contractors engaged by you are aware of the obligations arising under it. For further information please contact the Environment Protection Authority on telephone 8204 2004.

CONDITIONS OF BUILDING RULES CONSENT**

BUILDING WORK:	TWO STOREY DETACHED DWELLING
SITE ADDRESS:	6A TARAKAN AVENUE ENFIELD
APPLICANT:	FORMAT HOMES
OWNER:	HALL & SOU
CLASSIFICATION:	1a & 10a
DEVELOPMENT NO.	040 / 1547 / 18
ISSUED BY:	CITY OF PORT ADELAIDE ENFIELD

**UNCONDITIONAL CONSENT**

**Notes**

The certified drawings/ documents will be issued by the Council with the notification of development approval.

This consent is issued on the understanding that the proprietary type materials and products as specified either on the architectural plans or specification are to be selected and installed in accordance with the manufacturers recommendations and relevant standards

*The Certificate from Ginos & Associates (Job No.86974; Ref No.24632/1789M; Dated August 9, 2018) certifying that the "Steel Building Systems International" materials and form of construction will comply with the provisions of Building Code of Australia P2.1 has been accepted and relied upon pursuant to Regulations 85 & 88.*

The development plan indicates that this site is excluded from bushfire provisions.

This consent is issued on the understanding that the stairs and balustrade will be manufactured and installed by "Stairlock" to their design and in accordance with BCA 3.9.1 & 3.9.2 of the Building Code of Australia. If there is any change to this arrangement an amended consent will be required. Treads shall have a non-slip finish or a suitable non-skid strip near the edge of the nosings.

Set-off dimensions shall be from the allotment boundaries and not necessarily the fence lines.

No portion of the building or structure (including footings and drainage) shall extend over the property boundary (unless a suitable agreement has been obtained from the adjoining property owner)

The owner of the site is advised that a retaining wall will be required adjacent to the boundary to retain any cut or fill.

For building work prescribed in regulation 75, the building owner, must, at least 28 days before the building work is commenced cause to be served on the owner of the affected land or premises a notice of intention to perform the building work and the nature of that work, as required by Section 60.

A retaining wall less than 1000 mm high on the site boundary is pursuant to Schedule 3 deemed not to be development however under the provisions of Section 60 and Regulation 75 the associated excavation/ filling is deemed to be building work which affects the stability of the adjoining land and requires notice to be served on the adjoining owner.

Sleepers used in the construction of the retaining walls shall be:

- If timber; designed in accordance with AS 1720, of the correct durability class for timber in contact with the ground and resistant to termite attack, and
- If concrete, designed and detailed in accordance with AS 3600 Concrete Structure Code.

The person proposing to undertake building work (or who is in charge of such work) is warned of their obligation to give the Council notice at stages prescribed in Regulation 74. These include 1 business days notice of -:

- intended commencement of building work. Notice must include information on the persons who are proposed to sign the Regulation 83AB Statement of Compliance (where applicable),
- completion of all roof framing. Notice must be accompanied within 1 business day by a completed registered building work supervisors checklist relating to the roof framing and the subject roof framing must not be concealed for 2 business days,
- completion of building work, and
- other stages specified by Council

A person must not occupy a Class 1a building under the Building Code that has been completed in accordance with the development authorisation insofar as it relates to the performance of building work unless it complies with the requirements of Regulation 83A.

Regulation 83AB requires a *Statement of Compliance* for Class 1a buildings to be provided upon completion to the relevant authority by the licensed building work contractor who has carried out the relevant work, or who was in charge of carrying out the relevant work, to which the statement relates (or if there is no such licensed building work contractor- a registered building work supervisor or private certifier) all in accordance with the attached pro-forma, which must also be signed by the owner of the relevant land, or by someone acting on his or her behalf.

The location, design and capacity of the stormwater discharge at the property alignment should be approved by council prior to siteworks commencing. The drainage system should be completed by the finish of construction of the building. (Clause 5.5.3 of AS 2870)

The method of stormwater disposal must not result in the entry of water into any building or on to the land of any adjoining owner without their consent.

A sealed stormwater system will require inspection points at strategic locations to allow for ease of ongoing maintenance. The location and design of the points should be discussed with the design engineer to ensure maximum efficiency.

Any box gutter, rainhead and overflow shall be constructed in accordance with AS/NZS 3500.3.2 – Stormwater drainage. The hydraulic capacity of the overflow device shall be not less than the design flow of the associated gutter outlet.

AS3660.1- 'Termite Management - New Building Work', sets out methods for minimising the risk to new buildings from damage to their structural members by subterranean termites by deterring concealed entry by termites from the soil to the building. A termite barrier system constructed in accordance with this standard can not prevent termite attack, as barriers may be bridged or breached. Where termites bridge barriers the evidence may be detected during inspections which need to be carried out at intervals not exceeding 12 months to reduce the risk of termite damage. A durable notice shall be permanently fixed to the building in a prominent location such as a meter box or the like indicating the method of protection; and the date of installation of the system; and where a chemical barrier is used, its life expectancy as listed on the National Registration Authority label; and the need to maintain and inspect the system on a regular basis. The owner may also wish to seek advice regarding the potential for attack by termites to non-primary structural elements of the building and the precautions available.

Building work adjacent to a property boundary and/or existing structure is proposed and this may compromise the effectiveness of the termite barrier. Documentation on the limitations of the termite barrier installed in this regard should be provided to the building owner.

The footings have not been designed to take into account the effect of future planted trees located within a distance less than their zone of influence from the building whether they are on or outside of the allotment. If clarification is required, refer to the footing construction report or seek advice from the engineer.

The footings have only been checked for compliance with the minimum allowable requirements prescribed in AS2870. The owner is advised to refer to the footing construction report or seek advice from the engineer in this matter.

The owners attention should be drawn to Appendix B of AS 2870 'Performance Requirements and Foundation Maintenance'

Particular care should be exercised to ensure that the plumbing and perimeter paving is installed in accordance with the requirements of AS 2870 and engineers details.

The articulation or control joints in the masonry walls shall be installed in accordance with the Site Investigation and Footing Construction Report

Wet area details including floor grades, set-downs and water resistant surfaces shall comply with AS3740-2010, BCA Table 3.8.1.1 and BCA Clauses SA 3.8.1.2 and SA 3.2.2

All glazing shall be glazed in accordance with AS1288- 2006, including safety glass for full height windows, glazed doors, side panels and windows located over or adjacent to a bath/shower.

The required rainwater tanks to be plumbed into the dwelling in accordance with AS3500 must be provided with an overflow device connected into the stormwater disposal system and mosquito proof, non-degradable screens on the inlet and overflow. Supporting structures must be a proprietary product and / or comply with relevant Australian Standards

This consent is based on the understanding that there are no brush fences within 3m of the proposed building works.

This report does not imply compliance with the Electricity Act, 1996 as amended or the regulations thereunder (including Regulations prescribed for purposes of Section 86) or the Occupational Health, Safety & Welfare Act 1986 or the regulations thereunder. It is the responsibility of the applicant, owner and the person erecting the building to ensure compliance with same.

## SECTION 93(b) NOTIFICATION

TO: CITY OF PORT ADELAIDE ENFIELD

REF NO: PC58488

Pursuant to **Section 93(b)** of the Development Act 1993 you are advised that **Building Rules Consent** has been **granted** to the proposed development work described on the attached Decision Notification Form.

Attached for your attention are:

- A copy of the Decision Notification Form,
- Two copies of the documentation endorsed with the certifier's consent

all as prescribed in Development Regulations 92 & 93.

For the purposes of Regulation 89(2)(a) Katnich Dodd has processed the application on the basis that:

☐ we have determined that the proposed work is

- *complying* development, or
- does not require development plan consent pursuant to Section 33(4a) (Schedule 1A)

and the application for *development plan consent* and/or *development approval*:

☐ has been lodged separately by the applicant, or

☐ is attached together with a cheque for the lodgement fee

☒ we have not determined the status of the proposed work in relation to its requirements for *development plan consent*. A certificate of consistency is attached pursuant to Regulation 92(2)(c) as appropriate.

If all of the consents for the approval of this Stage of the development have now been obtained under Division 1 of Part 4 of the Act, please issue the notice of Development Approval forthwith as required by Regulation 46.

I verify that I have examined carefully:

- a copy of the development plan consent (including any conditions) described above, together with
- a copy of the plans approved and endorsed pursuant to regulation 42(4) of the *Development Regulations 2008* for that consent (where issued by the relevant authority)

The plans and supporting documentation submitted for building rules consent have been assessed for compliance with the Building Rules, while the development plan consent plans have been reviewed to ensure that all buildings and structures included in the building rules assessment are "consistent" with the development plan consent.

I hereby certify in accordance with regulation 92(2)(e) of the *Development Regulations 2008* that the building rules consent as described above and issued on 10 September, 2018 is "consistent" with the above-listed development authorization (including any relevant conditions) giving development plan consent, subject only to:

1. the variations specified below in the Table of Variations to meet Regulatory Requirements, attached for the purposes of section 93(2) of the Development Act 1993, which are necessary for compliance with the Building Rules or any other legislation specified therein,
2. slight variations resulting from the design process which are not considered significant (refer Planning SA Advisory Notice - Building No.28/03 dated July 2003.)

**Development Act 1993 section 93(2) Table of variations to meet regulatory requirements**

Item	Legislation/Regulation/Code	Reason for variation

In completing this certification I have relied upon:

PAYMENT REMITTANCE ADVICE

No payment is required on this Certificate

**Please Note:**

Please check that the property details shown on this Certificate are correct for the land being sold.

The amount payable on this Certificate is accurate as at the date of issue.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the ESL.

If the amount payable is not paid in full, the purchaser may become liable for all of the outstanding ESL as at the date of settlement.

The owner of the land as at 12:01am on 1 July in the financial year of this Certificate will remain liable for any additional ESL accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of ESL Assessment by the due date.

If the owner of the subject land is receiving an ESL pensioner concession but was not living in the property as their principal place of residence as at 12:01am on 1 July of the current financial year, or is now deceased, you must contact RevenueSA prior to settlement.

**Please Note:**

Please check that the property details shown on this Certificate are correct for the land being sold.

This Certificate is only valid for the financial year shown.

If the change of ownership will occur in the following financial year, you must obtain another Certificate after 30 June.

Payment should be made as part of the settlement process.

The amount payable on this Certificate must be paid in full even if only a portion of the subject land is being sold. RevenueSA cannot apportion the land tax.

If the amount payable is not paid in full on or before the due date shown on this Certificate, the purchaser will not be released from liability of the whole amount of the land tax outstanding as at the date of settlement.

The owner of the land as at midnight on 30 June immediately before the financial year of this Certificate will remain liable for any additional land tax accrued before the date of this Certificate, even if the amount payable on this Certificate has been paid.

The amount payable on this Certificate is the land tax payable at the date of issue. However, land tax for a particular financial year may be reassessed at any time, changing the amount payable.

Should a reassessment occur after this Certificate has been paid in full, the purchaser will remain indemnified and will not be responsible for payment of the new land tax payable amount. The owner at the beginning of the relevant financial year will be responsible for payment of any additional land tax payable.

Should a reassessment occur after this Certificate has been issued but not paid in full, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Should a reassessment occur after this Certificate has been paid in full and the Certificate is subsequently updated, the purchaser will not be indemnified and may become responsible for payment of the new land tax payable amount.

Provision of this Certificate does not relieve the land owner of their responsibility to pay their Notice of Land Tax Assessment by the due date.
