CLIENTS LIST OF INCLUSIONS

10 LOCKITT PLACE ORMISTON

Entry to the house is via an oversized custom-made Surian Cedar timber joinery door.

All windows have plantation shutters.

The outside entertaining is accessed through bifold doors which help bring the outside in. The bifold door frame integrates a retractable insect screen to keep any potential insects at bay, and remote controlled roller blinds to provide a full block if required.

The large timber deck incorporates perimeter seating to maximise the entertaining space which is shaded by the mature palm canopy overhead.

A small naturally shaded deck, poolside, is the perfect space to relax with a book or lay down after a cooling swim.

The small yoga deck is situated amongst lush greenery to provide a relaxed peaceful tranquil space.

The upstairs parents retreat leads onto another balcony which overlooks the pool area and garden.
