

Seller Statement of Information - 6 Shaw Place, Redland Bay

The positives of the property for me are:-

- LAYOUT of the house when you step inside it has a lovely flow right throughout, so open, bright and looking out into the garden.
- CORNER BLOCK total privacy sitting in outdoor garden as does not back onto neighbours.
- PERGOLAS having the two pergolas, especially one having entrance through glass sliding door from garage, good entertaining space.
- PRIVACY MAIN ENTRANCE I like how I can leave my front door opened (crimsafe security screen attached)
- OUTLOOK at the trees, they block off the street, always letting more breeze flow through the house and I can be out in pergola and see who is at the front door.
- POOL, I've always loved the pool, especially one I didn't have to clean and it is so close to me.
