Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

One comparable property has been identified and taken into account in determining the estimated selling price. Fewer than three comparable properties have sold within the prescribed area and period that are considered sufficiently similar in overall size, configuration, condition and attributes to the subject property. While other sales have occurred within the surrounding market, these properties differ in their characteristics and are not considered sufficiently comparable.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
