Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Having regard to the Director of Consumer Affairs Victoria guidelines for determining properties that are comparable to the property offered for sale, including considerations of standard, condition, age, build status, location, internal size, land measurements, number of bedrooms and bathrooms, and other relevant property characteristics, the agent, or agent’s representative, reviewed available sales evidence of comparable sales that are immediately in liveable condition, and the agent, or agent’s representative, has determined that there are no sales within the past 6 months and within a 2 kilometre radius that sufficiently align with; taking into consideration the renovation and damage repairs required of the property offered for sale to be considered directly comparable.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
