Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

Due to the limited number of recent transactions within the immediate area, there are fewer than three directly comparable sales available. This is largely attributable to low turnover in the local market and the unique characteristics of properties in the area, which reduces the pool of closely aligned comparable sales.
