Reason there are fewer than three comparable properties

X **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

no directly comparable properties were identified that closely matched the subject property's key characteristics, particularly in terms of land size, dwelling size and overall property condition. There were no recent sales within the specified area and timeframe that reflected a sufficiently similar combination of land area and house size to provide a reliable like-for-like comparison. As a result, it was not considered appropriate to select properties that may differ significantly in these key attributes, as this could compromise the accuracy and reliability of the assessment. Accordingly, the absence of directly comparable sales has been noted, and the assessment has been based on the best available market evidence, taking into consideration the subject property's individual characteristics and prevailing market conditions.

Sale Outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
