Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

In preparing the Property Price Statement for the above-mentioned property, I was unable to identify three comparable properties that met the relevant criteria within the required timeframe. Following a review of the available sales data, only two properties were identified that provided a sufficiently relevant comparison to the subject property based on their location, property type, features and overall characteristics. No additional comparable sales were identified that met the relevant criteria and provided a meaningful comparison to the subject property. As a result, the Property Price Statement includes two recent comparable sales that were considered the most relevant available comparisons based on the available sales data and the characteristics of the subject property. This approach complies with the intention of

providing a fair and accurate market context based on the most relevant available data while taking into consideration the limited number of comparable properties identified.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
