Median sale price

This section describes the median selling price for residential properties sold in the same suburb as the property offered for sale, sold in a 3-to-12-month period ending no more than 6 months before this statement was prepared. When this Statement of Information was prepared, publicly available information providing median sale prices of residential property in the suburb or locality in which the property offered for sale is situated, and our sales records (if any), did not provide a median sale price that met the requirements of section 47AF (2)(b) of the Estate Agents Act 1980

Comparable property sales

These are the three most comparable properties to the property for sale that were sold **within five kilometres** of the property for sale **in the last 18 months**.

If there were fewer than three, but one or two, comparable properties, these must be included below.

These properties were used to help determine the estimated selling price.

Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Based on sales data provided by Cotality (RP Data), together with the agent's knowledge of the local market and other information available to the agent, fewer than three properties of a sufficiently similar standard, condition and key characteristics have sold within 5 kilometres of the subject property during the preceding 18 months. Low volume of transactions in the local market and considerable variation in property type, land size, improvements, location and other characteristics. As a result, while other properties may have sold within the prescribed distance and timeframe, they are not considered sufficiently comparable to the subject property for the purpose of determining the estimated selling price. Specifically, there are no houses of similar features, and land size

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
