Reason there are fewer than three comparable properties

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

Only two comparable sales have been selected for 37B Peterson Street, Highett, due to the limited number of recent transactions involving properties with similar characteristics, including land size, accommodation, layout, condition and overall quality. These two sales were considered the most relevant indicators of market value, while other nearby transactions differed significantly in key attributes, making them less suitable for direct comparison.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
