Reason there are fewer than three comparable properties

- ☒ I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

Due to the limited number of comparable properties recently sold within the immediate area, one comparable sale has been included within this Property Price Statement. There have been very few recent sales that closely align with the subject property's specific configuration of 4 bedrooms, 1 bathroom and double car accommodation. As a result, including additional sales with materially different accommodation, land size, layout or features may provide a less accurate indication of the property's current market value.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
