Reason there are fewer than three comparable properties

☒ **I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.**

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[*Insert N/A if there were three comparable properties*]

No comparable sales have been selected because there have been no suitable sales available. A thorough search found that not a single five-bedroom home on a land size of 3,500m² or more has sold in Rosebud in the past six months. Five-bedroom homes that have sold in Rosebud during this period have all been on standard residential blocks, ranging from $830,000 on 585m² to $1,390,000 on 800m². These properties are not a fair comparison, as 76 Lockhart Drive offers more than four times the land of even the largest of these sales. Land of this size is rare in Rosebud and appeals to a very different buyer, offering space, privacy, lifestyle and potential that standard blocks cannot provide.
The indicative selling price has been determined based on the property's land size, home, features and position, with reference to the broader five-bedroom market in Rosebud and current buyer demand for large-acreage properties on the Mornington Peninsula.

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
