Reason there are fewer than three comparable properties

☒

I, the agent or agent's representative for the property offered for sale, did not take the sale price of three comparable properties into account in determining the estimated selling price for the property because I believe that fewer than three comparable properties were sold within the relevant period.

Explain the reason the agent or agent's representative believes that fewer than three comparable properties:

[Insert N/A if there were three comparable properties]

There are no comparable for this property in the price range. This is a unique property with amazing gardens that doesn't compare to a house with no land or some of the other recent sales in the street which are on much bigger land and bigger houses. The price has been instructed by the vendor.

Sale outcome

The sale price of the property must be included in this section within seven days after the unconditional sale of the property unless an application for an exemption is pending or an exemption has been granted.
